

Vol.2 Episode 34-Trepidation (04)

It really is a
problem how everything
is going so well.

Gives me a feeling
something will go horribly
wrong in the future.

Well, since everything
is progressing smoothly, the
next couple years should be full
of excitement... Jaqus, Eden,
Edemask, and Iremi.

The key lies in how
much Iremi will grow until
the next time we meet.

Ah...

Halt

Though this is assuming
Edemask is able to defeat
the Ancient Monster.

Am I getting a
bit ahead of myself?

Kah!

Even if there's trouble,
I'm sure things will work out
with Iremi by his side.

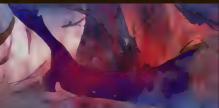

Tonight's liquor
tastes sublime.

I suppose I'll leisurely
await for good news.
